I. General

Artikel 1. Healthcare insured

1.1. Contents and scope of the covered healthcare

Your supplementary insurance entitles you to (reimbursement of the costs of) care as described in these policy conditions subject to medical necessity. Medical necessity is the case if you are in reasonableness dependent on the type of care in terms of content and scope and if the type of care is efficient and effective. A key factor in the content and scope of the type of healthcare is 'what the relevant healthcare providers generally offer'.

1.2. Authorised healthcare providers

Your healthcare provider must comply with certain conditions. The relevant healthcare article sets out which healthcare providers may provide the healthcare services and the supplementary conditions the healthcare provider must fulfil. For some types of healthcare, we offer contracted, preferred or accredited healthcare providers. A list of our contracted, preferred and accredited healthcare providers is available from our website.

1.3. Reimbursement of healthcare costs

You are entitled to reimbursement of healthcare costs (covered), up to the maximum of the Wmg (Healthcare Market Organisation Act) rates applicable in the Netherlands. If no Wmg rates apply, we will reimburse the costs up to the market price perceived as reasonable in the Netherlands.

1.3.1. Healthcare provided by a contracted healthcare provider

If you make use of a healthcare provider we contracted, then we reimburse the cost of healthcare based on the rates agreed.

1.3.2. Healthcare provided by a non-contracted healthcare provider

If you selected a healthcare provider that we have not contracted for the care (relevant for you), then you may be required to personally pay all or some of the invoice. Please find more information in this reference guide per type of care. If applicable, your claim on us for mindfulness for burn-out complaints or sex therapy cannot be transferred to healthcare providers or other parties without a contract for this type of healthcare. This is a clause as referred to in Article 3:83 paragraph 2 of the Dutch Civil Code. Any reimbursement for expenses relating to healthcare provided by a healthcare provider that we have not concluded a contract with will be remitted to the policy holder's account number.

1.3.3. Healthcare provided by a non-preferred or non-accredited healthcare provider

Did you select a non-preferred or non-accredited healthcare provider? Then we do not reimburse the cost. Please find more information in this reference guide per type of care.

1.3.4. Budget

Do you have a budget for the relevant healthcare? In that case, the total reimbursement will never exceed the maximum budget stated in the relevant care provision.

1.3.5. We also reimburse some healthcare types if the care is provided by a care provider established abroad, provided that this care provider offers comparable care. This is set out in the relevant care provisions. If these insurance terms and conditions entitle you to reimbursement of a statutory personal contribution on the grounds of the healthcare insurance, we will also reimburse you if this care has been provided abroad and is covered for reimbursement under the healthcare insurance policy.

1.4. Sending invoices

Most healthcare providers send us the invoices directly. If you have received an invoice yourself, you can submit your claims online via the Mijn-omgeving or via the Zorg app. You must retain the original invoice for at least one year after submitting the relevant claim form. We may request the invoices for inspection. If you are unable to submit the invoices, we may recover the amounts paid out to you, or settle the relevant amounts with amounts due to you.

Submitting claim forms by post is also possible. You can complete a claim form and submit it to us. Please attach the original invoice. Please don't send a copy or a reminder. We can only process original invoices. You can submit invoices up to a maximum of 3 years after the start of treatment.

Please check that at least the following details are listed in the invoice:

- the date on which the invoice was made by the care provider and the invoice number (in the right order, and each invoice number may only occur once);
- your name, address and date of birth;
- type of treatment, amount per treatment and date of treatment;
- the name and address of the healthcare provider.

These invoices, together with any attachments, have to be specified, ensuring that the reimbursements we must pay out can be derived from the specifications directly and without any ambiguity. For conversion of foreign invoices in currencies other than euros, we use the historical rates available from www.XE.com. This is based on the rate on the day you were treated. Invoices and any attachments must be in Dutch, English, French, German or Spanish. If a translation is necessary to our discretion, we may request you to provide a certified translation of the invoice. We will not refund the translation expenses.

1.5. Direct payment

We may pay the healthcare costs directly to the healthcare provider. This means you are not entitled to reimbursement.

1.6. Settlement of costs

If we pay directly to the healthcare provider, sometimes a small contribution is required from you. Sometimes we have reimbursed more than you are formally entitled to pursuant to your supplementary insurance policies. Or the costs of care are charged to you for another reason. In that case, as the policyholder, such costs are payable to us. We will charge such amounts to you in arrears. You have a legal obligation to pay such amounts. We reserve the right to settle such amounts with amounts due to you.

1.7. Reference, regulation or approval

For some forms of healthcare, you require a referral, prescription and/or prior approval in writing demonstrating that you are dependent on this healthcare. Please find information about this in the healthcare provision.

Referral or prescription

Does the healthcare article set out that you require a referral or a prescription? Then you can request one from the healthcare provider mentioned in the article. This is generally the general practitioner.

Permission (authorisation)

Sometimes you require our approval before receiving healthcare. Such approval is also called an authorisation. If you have not received such an authorisation beforehand, you are not entitled to (reimbursement of the costs of) care. Did you select a healthcare provider that has a contract with us for the relevant healthcare? Then you do not require prior approval. Your healthcare provider will in such cases assess if you fulfil the conditions and/or requests approval from us on your behalf. You can also submit your request directly to us. Please find our address on our website. Are you going to a care provider that does not have a contract with us for the care that concerns you? Then you need to personally submit the request for approval to us.

1.8. When are you entitled to (reimbursement of the cost of) covered healthcare?

You are entitled to healthcare or reimbursement of such healthcare if the healthcare was delivered during the term of your supplementary insurance policy. In these Policy Terms and Conditions, this is based on years or calendar years. To determine the year or calendar year associated with the submitted expenses, we check the date the healthcare service was delivered by the healthcare provider. This date is leading. Suppose that your treatment falls in two calendar years and the healthcare provider may charge the cost as a single amount (for example a Diagnosis Treatment Combination), In that case, we will reimburse these costs if the treatment was started within the term of the supplementary insurance policy and the cost will be allocated to the calendar year of the first treatment.

1.9. Exclusions

You are not entitled to:

- forms of healthcare or healthcare services that are funded pursuant to legal regulations, including the Wlz (Long-Term Healthcare Act), the Youth Act or the 2015 Wmo (Social Support Act);
- reimbursement of costs incurred for not being on time for your appointment with a healthcare provider (the 'no-show fee');

- reimbursement of costs for statements in writing, mediation costs charged by third parties without having been issued our prior approval statement in writing, administrative fees or charges due to overdue payment of invoices of healthcare providers;
- reimbursement of personal contributions or excess payable under the terms of any other insurance, except if and where clauses in these policy conditions determine otherwise;
- healthcare and reimbursement of healthcare costs that could be claimed pursuant to the Zorgverzekeringswet (Healthcare Insurance Act) if you are subject to mandatory insurance pursuant to this Act;
- healthcare and reimbursement of healthcare costs that can or could be claimed pursuant to the Wlz (Long-Term Healthcare Act), Healthcare Insurance Act or any other Act, provision or insurance, of an older date or not, if the supplementary insurance had not been covered with us. In that case this supplementary insurance policy will only be valid in the last resort. In that case, under these policy conditions, only claims would become eligible for reimbursement that exceed the amount that may be claimed from other parties. We adhere to the covenant on overlap of travel insurance policies and supplementary health insurance. Please find the text of the covenant on our website;
- reimbursement of losses that are an indirect result of our actions or omissions;
- healthcare and reimbursement of healthcare costs caused by or resulting from armed conflict, civil war, uprising, civil disorder, riots or mutiny occurring in the Netherlands, as defined in Section 3.38 of the Wet op het financieel toezicht (Financial Supervision Act);
- healthcare and reimbursement of healthcare costs due to negligence or malintent;
- reimbursement if the costs are charged by and/or the treatment is carried out by you, your partner, your child, your parent or (other) relative in your household.

1.10. Right to care and other services as a result of terrorist acts

If you need healthcare as a result of one or more terrorist events, then the following rule applies. If the total amount of claims submitted within a year or calendar year for non-life, life or in-kind funeral insurers (including healthcare insurers) according to the Nederlandse Herverzekeringsmaatschappij voor Terrorismeschaden N.V. (NHT or Dutch Reinsurance Company for Terrorism-Related Claims) exceeds the maximum amount that this company reinsures annually, you are entitled to only a certain percentage of the cost or value of the healthcare. The NHT determines the exact percentage. This applies for non-life, life and funeral insurers (including healthcare insurers) that are subject to the Financial Supervision Act. The exact definitions and provisions of this claim have been set out in the NHT's Terrorism Cover Clauses Sheet.

Guarantee pay-out on terrorism-related claims

In order to be able to guarantee that you will receive payment on terrorism-related claims, (almost all) insurers in the Netherlands are party to NHT (the Dutch Reinsurance Company for Terrorism-Related Claims). We are also a member. The NHT issued regulations that ensure pay-out of at least part of any terrorism-related claim. The NHT has set a maximum to the total amount to be paid out relating to terrorist actions. The maximum amounts to 1 billion euros per year for all insured combined. If the total claim amount is higher, each insured that submitted a claim will receive pay-out at an equal percentage of the maximum amount. In reality, this implies that you may be paid out less than the actual value of the loss amount. But it also means that you are assured that you will at least be compensated (part of the loss/cost).

Artikel 2. General provisions

2.1. Basis of supplementary insurance

The insurance contract has been concluded on the basis of the information that you have entered online, by telephone, in writing or on the application form.

After taking out the healthcare insurance policy, you will receive a policy from us as soon as possible. Furthermore, you will receive a new policy prior to each new calendar year. These policy conditions form an integral part of the policy. The policy schedule will state the persons insured and the supplementary healthcare insurance taken out for them.

2.2. Supplementary cover

These policy conditions are part of the insurance agreement and apply to VGZ Aanvullend Instap, VGZ Aanvullend Goed, VGZ Aanvullend Beter, VGZ Aanvullend Best, VGZ Tand Goed, VGZ Tand Beter and VGZ Tand Best. 2.4. Fraud

Fraud (full or partial) will result in claims not being paid out, and/or recovery of claims already paid out. If you commit fraud, your right to (reimbursement of the costs of) care expires. We will claim any amounts paid out from you in a recovery process. You will also be charged the cost ensuing from the fraud audit/inspections.

Reporting and registration

In the event of fraud, we reserve the right to report the event to the police. Additionally, we may have your information and details of the co-perpetrators and accessories registered in:

Termination of insurance policy/policies

If you commit fraud, we will terminate your healthcare insurance policy. In that event, you will not be accepted for a new healthcare insurance policy for 5 years. We will also terminate your supplementary insurance. In that event, any applications for supplementary insurance will be rejected for a period of 8 years by any insurer that is a member of Coöperatie VGZ.

2.5. Private data protection

We process your private data when we carry out your insurance policies. This is completed in compliance with legislation and regulations, including the General Data Protection Regulation (GDPR). Please find more details about this in the privacy statement on our website. The privacy statement also states your rights.

2.6. Notifications

Any notifications sent to the most recent address in our system are deemed to have reached you. If you want to receive all our messages in electronic format, please indicate your choice in Mijn-omgeving or in the Zorg app.

2.7. Membership of the Cooperative

Upon acceptance for this healthcare insurance policy, you, as the policyholder, also become a member of the cooperative society Coöperatie VGZ U.A., unless you notify us in writing that you prefer not to do so. The Cooperative looks after the interests of its members in the field of health and other insurance policies. You may terminate your membership at any time, subject to a one-month notice period. The membership will in any case be terminated on the termination date of the insurance contract.

2.8. Cooling-off period

Upon taking out supplementary insurance, you have a 14-day cooling-off period as the policyholder. You are entitled to cancel the supplementary insurance policy in writing within 14 days of signing the contract. In that event the insurance contract is deemed to have never been concluded.

2.9. Dutch law

The supplementary insurance is governed by Dutch law.

Artikel 3. Premium

3.1. Who pays the premium?

The policyholder has the obligation to pay premiums. For an insured person younger than 18 years of age, no premium needs to be paid until the first day of the calendar month following the 18th birthday. Example: someone who turns 18 on 1 July pays premium as of 1 August.

Upon death of an insured, premium is due up to the date of death. After a change of the supplementary insurance policy, we will recalculate the premium as per the effective date of the change.

3.2. Premium discount for group contract

- 3.2.1. The premiums and conditions as set out in the group contract apply from the first day of your participation in the group contract.
- 3.2.2. From the day you can no longer participate in the group contract, the premium discount and the policy conditions set out in the group contract no longer apply. From this day onwards, the supplementary insurance cover is continued on an individual basis.
- 3.2.3. You can only participate in a single group contract at any given time.

3.3. Payment of premium, statutory contributions and fees

- 3.3.1. You are required to pay the premium and any foreign or domestic statutory contributions for all insured in advance on a monthly basis, unless otherwise agreed with you. If you pay an annual premium in advance, you will receive a payment discount on the premium due. The amount of the discount is stated on the policy schedule.
- 3.3.2. If you do not make use of the free digital post, you will be charged a fee for paper post. You don't pay any fees for the policy. Please check our website for more details and the fees for paper post.
- 3.3.3. You pay the premium, personal contributions, fees for paper post and any unjustified reimbursements paid out to you based on the payment method agreed with us.

Payment options free of charge

- a. You authorise us for automatic direct debit of the amounts due (see also Article 3.3.4).
- b. You make use of the option of receiving a digital invoice free of charge via Mijn-omgeving. In that case you should ensure payment is made in due order. You may directly pay via iDeal if needed.
- c. Your employer withholds the premium from your salary and transfers it to us. This payment option only applies to the premium.

No extra fees are charged for the above payment options.

Fees for payment based on a paper invoice (payment order form)

If you do not make use of the free payment options to pay for your premium, you will be charged a €1.50 fee for each paper invoice. This amount serves to cover all costs we incur for maintaining the system, preparing and offering a paper invoice and processing your payment. Even if you do not use the paper invoice to make your payment. You will also receive a paper invoice if the direct debit transaction cannot be executed, or if you agree on a payment schedule with us with payment per paper invoice. This is also subject to the €1,50 fee for paper invoices. If you pay your premium on a quarterly or annual basis and you selected payment based on a paper invoice, this form of payment is free of charge for you.

- 3.3.4. Your authorisation for direct debit applies to payment of the premium, excess, personal contributions and any unjustified reimbursements. Such an authorisation applies during and if necessary after expiration of the insurance contract. Please refer to your policy schedule to check the date of direct debit collection of the premium for the entire calendar year. For the other costs, we will notify you at least 3 days before the date on which the amount is collected, stating the amount to be taken out of your account and the direct debit transaction date. If you disagree with a processed payment, you can have the payment reversed later. Please contact your bank within 8 weeks of processing the payment.

3.4. Settlement

You may not settle any amounts due with any amounts payable to you.

3.5. Overdue payments

- 3.5.1. If you are overdue in payment of the premium, statutory contributions, personal contributions, the excess and any reimbursements paid out to you that prove unjustified, we will send you a reminder. If you do not pay within the term of at least 14 days stated in the reminder letter, we may suspend cover of the supplementary insurance policy/policies. In that case you are not entitled to healthcare and reimbursement of healthcare costs from the last premium due date before the reminder.
- Your obligation to pay the premium will continue during any period of suspension. Entitlement to (reimbursement of costs of) healthcare is restored on the date following the date on which the amount due plus any fees were received. We reserve the right to terminate the supplementary insurance policy/policies if payments are in arrears. In the event of termination of the insurance contract, you may submit an application for supplementary insurance after payment of the amount and any fees due. Do you have an active debt repayment/restructuring arrangement and are all the creditors in agreement (MSNP/ WSNP)? Then you can apply for supplementary insurance. If we accept the application, the supplementary insurance policy will be effective as per 1 January of the following calendar year.
- 3.5.2. We will charge the following fees to you if your payment is overdue:
- statutory interest from the day following the due date of the original invoice;
 - debt collection fees from the day following the due date of the original invoice.
- 3.5.3. If you have received a reminder for overdue payment of premiums, statutory contributions, excess, personal contributions or reimbursements paid out to you that prove unjustified, then we do not have a legal obligation to send you a separate written reminder if payment for the subsequent invoice is overdue.
- 3.5.4. We reserve the right to directly settle the premium due, fees and statutory interest with any amounts of claimed healthcare costs or other amounts payable to you.
- 3.5.5. If we terminate the supplementary insurance policy/policies because of overdue payment of the premiums, we reserve the right to not accept you for any new insurance contracts for a period of 5 years.

Artikel 4. Other obligations

You have the following obligations:

- to inform us regarding facts that (may) facilitate recovery of costs from potentially or actually liable third parties, and to provide us with full information in that context. This would include charges that we could recover from the liability insurance policy of the party causing the accident. You may not make any arrangements with a third party without our prior approval in writing. You must refrain from any actions that may harm our interests;
- to cooperate with our medical advisor or employees in obtaining all information they require for ensuring the implementation of the supplementary insurance policy/policies;

- to ask the healthcare provider to disclose the reason for hospitalisation to our medical advisor;
- to inform us as quickly as possible relating to any facts and circumstances that may be relevant for correct implementation of the supplementary insurance policy/policies. This includes start and end of detention, marriage, separation or divorce, birth, adoption, or a change in bank or giro account number. We are not liable for any risks in the event of non-compliance with the above provisions.

If you do not fulfil your obligations and this affects our interests, we reserve the right to suspend your right of cover and reimbursement of healthcare costs.

Artikel 5. Changes in the premium and conditions

5.1. Changes in the premium and conditions

We reserve the right to change the conditions and the premium of the insurance policy/policies at any time. We will inform you, the policyholder, accordingly in writing. Such a change shall take place on a date determined at our discretion.

5.2. Cancellation right

If we amend the conditions and/or the premium of the supplementary insurance policy/policies to your disadvantage, you, as the policyholder, have the right to cancel the insurance contract as per the effective date of the change. You may cancel the contract in any case during one month after being notified of the amendment. You do not have the right to cancellation if amendment of the policy conditions directly ensues from statutory measures, arrangements or provisions.

Artikel 6. Start, term and cancellation of supplementary insurance policy/policies

6.1. Start date and term

The insurance contract becomes effective on the date that we have designated as the start date of the healthcare cover, on the date on which you participate in the group contract, or on 1 January of a calendar year. The supplementary insurance policy is taken out for the calendar year in which the supplementary insurance became effective. Upon expiration of this term, the supplementary insurance policy is subject to automatic renewal for a period of one calendar year.

6.2. Acceptance for supplementary insurance

6.2.1. Acceptance for supplementary insurance

You can take out supplementary insurance as a supplement to the health insurance policy of your healthcare insurer if healthcare insurance is mandatory for you within the meaning of the Healthcare Insurance Act (Zorgverzekeringswet). VGZ Tand Best is subject to a 12-month qualification period for crowns, bridges, partial dental prostheses, implants and orthodontic care. This means that during the qualification period, you are charged a premium, but you do not receive any reimbursement for crowns, bridges, partial dental prostheses, implants and orthodontic care.

6.2.2. Family cover

Children under age 18 will have the same supplementary insurance policy/policies as the highest level insured for a parent/foster parent on the policy.

6.2.3. Change to supplementary insurance

You may decide to change your supplementary insurance policy/policies. This is subject to the provisions of 6.2.1. and 6.2.2. You, as the policyholder, are required to forward us such changes latest by 31 January 2022. The change will then become effective as per 1 January 2022 (with retroactive effect). A change is defined as switching to another supplementary insurance we offer. If you want to switch to a supplementary insurance policy provided by a different insurer, you need to cancel your current supplementary insurance policy. In that event, you need to inform us in writing accordingly latest by 31 December (see Article 6.4).

Relating to healthcare subject to reimbursement periods of more than one calendar year, such terms will continue if

supplementary insurance policies are amended within VGZ. This means that any reimbursements paid out previously pursuant to a previous supplementary insurance policy will be transferred to the new supplementary insurance policy. This is subject to the condition that your new supplementary insurance policy covers reimbursement of this service or treatment.

6.3. Termination by operation of law

Regulatory termination of the supplementary insurance cover is effective on the day following the day on which:

- the healthcare insurer is no longer permitted to offer or administer insurance policies due to change or suspension of its licence for general insurance activities. We will disclose any such changes at least 2 months in advance;
- the insured person dies;
- the insured is no longer subject to mandatory insurance under the Healthcare Insurance Act;
- the healthcare insurer suspends its activities in offering and executing the supplementary insurance policy/policies as set out in these policy conditions. We will disclose any such changes at least 3 months in advance.

As the policyholder, you are required to inform us as soon as possible of the death of an insured or other facts and circumstances relating to the insured that result in termination of the supplementary insurance cover. If we determine that the supplementary insurance policy is terminated or will be terminated, we will send you a termination certificate as soon as possible.

6.4. When can you cancel your insurance policy/policies?

6.4.1. Annually

As the policyholder, you may cancel the supplementary insurance policy/policies in writing as per 1 January of any year, subject to our receipt of your notice of termination by 31 December of the previous year at the latest.

Please note

You may cancel the supplementary insurance policy/policies in writing annually as per 1 January. This is subject to the condition that we have received your cancellation no later than 31 December.

6.4.2. Intermediate

As the policyholder, you may cancel the supplementary insurance policy/policies in writing intermediately in the following cases:

- in the event of changes to the premium and/or policy conditions as set out in Article 5.2;
